6. Background And Basic Information Regarding Organization
(Use additional pages, as necessary, to fully describe information required)
7. Justification
(Use additional pages, as necessary, to fully describe information required)
- 7.1 Intended Use Of Funds In Detail

6. Background and Basic Information Regarding Organization

The Middletown High School football program is an organization that is committed to supporting athletes on and off the field. MHS football is proud to have a solid foundation of winning on the field with now five section championships (1997, 1999, 2001, 2018, and 2025), and a team GPA of 3.3 in 2025.

7. Justification

Due to the increasing difficulties faced by the school district related to state level budget cuts and constantly increasing costs, the Middletown Unified School District has made the difficult decision to cut the financial support provided to school athletics. However, our team still has to make sure that our athletes are safe when they take the field. As is expected for a football team, helmets and pads are a critical component of helping keep our kids safe. If approved, the support provided by Redbud will help the MHS football coaches make sure that the kids are as safe as possible.

8. Intended Use of Funds in Detail

As you'll see from the attached quote from Riddell, the amount requested would be used to purchase 10 new football helmets and 10 new shoulder pads.

9. How Intended Use of Funds will Further Delivery of Health Care Services Within Redbud Health Care District

As has been well-documented in recent years, head injuries are a near-constant concern for athletes playing football. With the rising concern around head injuries, the technology that has gone into improving player safety has increased as has the quality of the helmets that players have access to for keeping themselves safe. With the purchase of the 10 helmets, players will have greater access to newer, more reliable helmets that can help keep them safe. In addition, modern shoulder pads are also designed with the goal of improving head safety by decreasing the amount of force transferred to the head during a tackle.

10. Detailed Basis for Funds Requested

With the funds requested, the football team will purchase 10 new helmets and 10 new shoulder pads. Receipts will be provided as soon as the purchase is finalized.

Thank you for your consideration.
