Middletown Wrestling Club

\$35,000 Youth Development Grant Request

Good morning, and thank you all for taking the time to hear our request today.

My name is Dominic Fanucchi, and I am here representing the Middletown Wrestling Club, also known as MWC, a 501(c)(3) nonprofit youth wrestling organization that has proudly served Middletown and Lake County, California, since 1972.

For more than 50 years, our club has been about much more than wrestling. We are about family, hard work, respect, discipline, and giving young people an opportunity to succeed, both on and off the mat.

We provide a place where children can learn the value of commitment, build confidence, develop positive relationships, and discover what they are capable of achieving through hard work. We travel throughout Northern California to compete against other clubs, giving our wrestlers opportunities to challenge themselves, represent our community, and grow through competition.

One of the things we have always taken pride in is keeping wrestling affordable for local families.

For years, we maintained a seasonal membership fee of just \$20, making us one of the most affordable wrestling clubs in Lake County. Unfortunately, with the rising costs of operating a club, maintaining equipment, and providing opportunities for our athletes, we have had to increase our membership fee to \$40 per month for a five-month season.

Even with this increase, we remain committed to keeping our program accessible to as many children as possible.

We understand that not every family has the financial means to cover the costs associated with youth sports. That is why we offer scholarships to children who need assistance with club membership fees and USA Wrestling memberships. These scholarships help remove financial barriers so that a child's opportunity to participate is not determined by their family's financial circumstances.

This season alone, we are supporting three children through scholarships. Behind those numbers are real families, real challenges, and young people who deserve the opportunity to participate, belong, and succeed. We have seen firsthand how providing support and a positive environment can make a meaningful difference in a child's life.

We would be happy to discuss our scholarship program and the impact it has had on individual children in a private conversation, while respecting each family's privacy.

Another major challenge we have faced is finding an affordable place to practice. When our local school district increased its facility rental costs beyond what we could reasonably afford, we had to make a difficult decision. Rather than allow those expenses to threaten our program, we took the initiative to secure our own facility at **The Warehouse, located at 18255 Vintage Court in Middletown.**

Having our own space gives us greater control over our program and allows us to continue serving our wrestlers. However, operating our own facility also means taking on additional expenses and responsibilities.

Today, I am requesting a **grant of \$35,000** to help us strengthen our program and continue providing opportunities for the youth of Lake County.

As you can see in the quotes provided, one of our greatest needs is replacement practice wrestling mats. The mats we currently use have been in service since the late 1980s. They have served generations of wrestlers, but they are now decades old, and replacing them is an important investment in the training environment we provide our athletes.

We are also requesting funding for practice dummies to help our wrestlers develop their technique and for properly fitted wrestling headgear to help reduce the risk of ear injuries during training and competition.

The equipment quotes in front of you do not total the full \$35,000. I want to be transparent about that. The remaining funds would be dedicated to our youth scholarship program and direct participation costs.

That includes helping families cover club memberships and USA Wrestling memberships, assisting with tournament expenses so more children can compete, and helping provide team singlets and warm-ups for wrestlers whose families cannot afford them.

We want our athletes to be able to step onto the mat feeling that they belong and that they are part of a team, regardless of their family's financial situation.

We also host two home tournaments, bringing wrestlers and families into our community and giving our own athletes opportunities to compete closer to home. Continued support would help us maintain these opportunities while improving the equipment and resources available to our wrestlers.

Our request is not simply for new equipment. It is an investment in the children, families, and future of our community.

A new mat can provide a better training surface for years to come. Proper headgear can help protect our athletes. Scholarships can allow a child to participate who otherwise might have to sit out a season. Assistance with tournament expenses can give a young wrestler the chance to compete, learn, and grow. Team gear can help children feel included and proud to represent Middletown.

MWC has stood on three core values since its beginning: **family, hard work, and respect.**

Those values guide the way we coach, the way we treat our athletes, and the way we serve our community.

We are proud of our history, but we are equally focused on our future. We want to ensure that Middletown Wrestling Club remains a place where children can develop skills, build character, find a supportive team, and have opportunities that might otherwise be out of reach.

With your support, this \$35,000 grant would help us replace aging equipment, improve athlete protection, expand scholarship assistance, and give more children the opportunity to participate in wrestling.

Thank you for considering our request and for investing your time and resources in the future of our youth. We would be honored to have your support as we continue the legacy of Middletown Wrestling Club and serve the families of Lake County for generations to come.

Thank you.
