a. **Intended Use Of Funds In Detail-** See Attachment

b. **How Intended Use Of Funds Will Further Delivery Of Health Care Services Within Redbud Health Care District-** See Attachment

7.3 Detailed Basis For Funds Requested - See Attachment

6. Background and Basic Information

Kelseyville High School Wrestling is a school-based athletic program serving student-athletes from Kelseyville and the surrounding community within the RedBud Health Care District. We rely on donations and Fundraisers to fund our season. The program currently serves approximately 45-50 wrestlers through Varsity, Junior Varsity, and Girls Wrestling. Wrestling provides structured physical activity, conditioning, teamwork, discipline, and healthy athletic development. Because practices include drilling, takedowns, live wrestling, and conditioning, a safe and sanitary training environment is essential. The program is seeking support for a new wrestling mat, wall pads, protective headgear, and mat-cleaning and sanitation supplies. These improvements will support a safer training environment for current and future Kelseyville student-athletes.

7. Justification

7A. Intended Use of Funds

Grant funds will be used directly for safety-related needs within the Kelseyville High School Wrestling program:

Wrestling Mat: Purchase of a new wrestling mat to provide a consistent, properly maintained surface for practices and competitions, and replace aging or inadequate equipment.

Wall Pads / Wall Protection: Adding protective padding along exposed walls to reduce the risk of unnecessary impacts and improve athlete protection during drills and live wrestling.

Headgear: Purchase and maintain appropriate wrestling headgear so athletes have access to properly fitting protective equipment during practices and competition.

Mat Cleaning Supplies: Purchase disinfecting and cleaning products, along with related supplies, needed to regularly clean and sanitize the wrestling surface and maintain a healthier training environment. The biggest thing it will help keep off the mat is Ringworm. The toughest battle on the mat all coaches try to avoid all year long.

Remaining Funds: Used to replace old team gear. Replacing these items is important to ensure our wrestlers have safe, durable, and properly fitting equipment for practices, competitions, and team events. Many of the current items are outdated and showing significant wear from years of use. Updated singlets and warm-ups will provide the team with professional, consistent team apparel while supporting athlete comfort, confidence, and team unity.

7B. b. How Intended Use Of Funds Will Further Delivery Of Health Care Services Within Redbud Health Care District

The requested funds support the health and well-being of local youth through injury prevention, protective equipment, sanitation, and safer organized physical activity. A new wrestling mat and wall padding can help reduce avoidable risks associated with worn surfaces and contact with hard facility structures. Properly fitted headgear provides additional protection during a high-contact sport. Regular mat cleaning and sanitation help maintain a cleaner environment where athletes have frequent, direct contact with the training surface. Together, these improvements represent a proactive approach to protecting student-athletes and reducing preventable health and safety risks that could otherwise require medical evaluation or treatment. The benefit extends to approximately 45–50 current wrestlers as well as future Kelseyville students who will use the equipment for years to come. Supporting these needs promotes injury prevention, healthy physical activity, sanitation, and long-term youth wellness within the RedBud Health Care District.

7.3 Detailed Basis For Funds Requested:

Wrestling MAT: AK Athletics \$11,256.87

Wrestling Headgear: My House Sports Gear \$40 Each

Mat Cleaning Supplies: Dollamur \$715.94
