Important Information About
Your Plan

April 9, 2026

Dear Conrad,

0010033467850

Thank you for being a Blue Shield of California Medicare Supplement plan member. We are writing with an update on your medical plan rate and dental plan rate.

Your plan rates will change this year. Your July 1, 2026 billing statement will show your new monthly amount due, including any applicable savings¹, effective July 1, 2026.

Your rates

	Current rates	Rates effective July 1, 2026	Amount rate changed
Medical	\$230.00	\$269.00	Increase of \$39.00 or 16.96%
Dental	\$58.80	\$62.30	Increase of \$3.50 or 5.95%

The current rates above do not reflect any additional savings¹ you may be receiving. For your final rates, see the "Charges to expect on your bill" section on the back of this letter.

At Blue Shield, our mission as a nonprofit organization is to provide you with access to high-quality, affordable health care. As the cost of healthcare expenses like doctor visits, hospital stays, inpatient and outpatient care, and new medical technologies increase, so do premium rates. A change in age or address can also affect your premium. Your premium does not increase based on your individual use of services.
